

Cluster of Excellence invites to PhoenixD Laser Day

Auf einen Blick

- "PhoenixD Laser Day" on 20 October 2020
- Organiser: Cluster of Excellence PhoenixD
- Focus: Current research topics in optics and photonics
- Scientists can present posters
- Closing date for applications: 30 September 2020

16. 2020

PhoenixD | The Cluster of Excellence PhoenixD of Leibniz University Hannover hosts the "PhoenixD Laser Day". Invited are scientists and representatives of the industry with interest in optics and photonics.

On 20 October 2020, the "PhoenixD Laser Day" will take place at Leibniz University Hannover. The Cluster of Excellence PhoenixD organises the Day of Laser Technologies. Lectures and poster presentations will take place from 10 a.m. to 6 p.m. in the atrium of the Welfenschloss.

The main topics of the conference and networking event include quantum optics and photonics as well as laser systems, laser metrology and laser material processing among others. Further information on the conference and a registration form will be published shortly on the cluster's website at www.phoenixd.uni-hannover.de. On the registration form, scientists can indicate whether they wish to present their research results at a poster session or not. The closing date for registration is 30 September 2020.

Following the "PhoenixD Laser Day" conference, the two-day network meeting "Humboldt meets Leibniz" will take place at the Leibniz University Hannover. This year's focus will also be on current topics in optics and photonics. The closing date for registration is 20 April 2020.
